## **DISCOVER THE WORLD LAUNCHES NEW PARTNERSHIP WITH TAAG-ANGOLA AIRLINES**

SCOTTSDALE, AZ, July 26, 2017—TAAG-Angola Airlines, Angola’s national carrier, has recently launched a new partnership with Discover the World for sales and marketing representation in France, Germany and Russia.

“We researched who would be the best company to work with in the European travel industry and Discover the World fit the bill,” said William Boulter, TAAG-Angola Airlines Chief Commercial Officer. “Discover will work with us to develop sales from corporate and leisure channels feeding our online services in Oporto and Lisbon, Portugal. They will also work with our interline partners in other European gateways and promote TAAG’s beyond destinations from our Luanda hub.”

Discover the World CEO Jenny Adams said, “We welcome TAAG-Angola Airlines as our newest travel partner. We are confident our Discover the World teams in France, Germany and Russia will provide new revenue streams for TAAG-Angola Airlines and we look forward to a long and prosperous relationship.”

### About Discover the World

Discover the World has earned a reputation as a leader in global travel distribution and its success in developing a worldwide network of 85 offices in more than 60 countries capable of exceptional representation performance is unmatched. With a portfolio of more than 90 clients utilizing its sales, marketing and business process outsourcing services, Discover the World remains a dominant innovator for the travel industry.

### About TAAG-Angola Airlines

TAAG-Angola Airlines is based at Quatro de Fevereiro Airport in Luanda, Angola. TAAG operates domestic services within Angola as well as regional and international services to destinations in Africa, South America and Europe. The carrier is wholly owned by the Angolan government. On September 2014, Emirates signed a 10-year concessional agreement with Angola’s government to manage TAAG. Emirates now works closely with the carrier and Angola’s government to provide management support, devise fleet and network strategies and develop synergies between the carrier’s networks.
